

## ID-Store

The mobile software for warehouse management and logistics in the Retail industry

**ID-Store** is a **mobile software solution** that simplifies **logistics, shipping** and **warehouse management** in the Retail sector: an App for Custom's **P-Ranger** and **K-Ranger** Android™ based terminals designed for goods handling, and for managing inventory and in-store electronic documents. It speeds up and optimizes pre-sales and after-sales operations, reducing errors, stock shortages and helping staff to work efficiently and effectively.

The five modules of ID-Store

### CARACTERISTICICI

#### ADVANTAGES

- **Easy to use**, thanks to a simple and user-friendly interface
- **Very high performances** in shipment, reception and inventory operations
- **Extremely flexible** for any kind of store or product in the Retail industry

ID-Store is available in two versions: **ID-Store Express** and **ID-Store Enterprise**
