N	Models
3	<p>VKP60 USB PRINTER PN 915NA02***** - 915NA03*****</p>

N	Summary product description
4	<p>60mm kiosk printer for receipt and ticket printing. Because of its multiple configurations, it is suitable for a wide variety of self-service applications. Compact, versatile, and provided with useful features such as anti-jamming, full and partial cutting, this device can be employed in any type of kiosk thanks to its two-position adjustable roll holder. VKP60 is available in two different configurations: compact and with paper bezel.</p>

N	Compliance with product guidelines
5	<p>2014/30/EU Directive on the harmonization of the laws of the Member States relating to electromagnetic compatibility 2014/35/EU Directive on the harmonization of the laws of the Member States relating to the making available on the market of electrical equipment designed for use within certain voltage limits 2011/65/EU Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS II)</p>

N	Applicability
7	This self-declaration is applicable exclusively to the product mentioned. The manufacturer is responsible for the data, tests and analyses used in order to prepare the explanatory statement for the Environmental Product Self-Declaration, which completes this summary self-declaration.

Environmental assertions	
Reduced use of resources	Graphic symbol
The VKP60 model - unlike previous Custom models with equal market positioning - is equipped with Paper Saving Mode software, capable of reducing paper use by 30 percent, at the same time issuing tickets/receipts with the same amount of printed data. Paper Saving Mode does not affect printing of the Header and Images sections on the ticket, which remain unchanged.
